

Trinity Supports Merrimack Valley Hospice at Annual Fundraiser

A long-time supporter of the Merrimack Valley Hospice and Home Health Foundation, Trinity EMS was proud to sponsor the organization's annual Food, Wine and Beer pairing fundraiser. Held on September 22, 2011 at the Haverhill Country Club, the Caribbean themed event featured island cuisine, food and beverages, authentic island entertainment, a silent auction and more.

"This organization does incredible work that touches so many people in our communities," said Trinity President John Chemaly. "We are honored to support the work they do to help patients and their families."

About The Merrimack Valley Hospice/Home Health Foundation

The mission of the Home Health Foundation is to create and deliver innovative and responsive community health programs which provide effective and compassionate care. The agency was founded in 1895 to provide health care to mill working families living in Lawrence, Methuen and North Andover. Today, their service area includes more than 90 cities and towns of the Merrimack Valley, Northeastern Massachusetts and Southern New Hampshire.
